I'm professional UI UX and Graphic Designer with over 7 years of expertise in crafting visually compelling and user-centered designs. Proficient in the Adobe Creative Suite (Illustrator, Photoshop, InDesign, Xd and After Effects), web design, dashboard and mobile design for iOS and Android platforms. Demonstrates exceptional ability in interdepartmental collaboration and communication to deliver innovative design solutions. I have had good experience working with various types of products, such as e-commerce, e-learning, ticket booking, Ride-sharing, Queue management, and various types of SAAS products. Above all, I love solving problems and meeting user satisfaction and business goals through quality and aesthetic design.
